Report on the Audit of the Financial Statements

Opinion

I have audited the financial statements of **MANATAL MULTI PURPOSE COOPERATIVE**, which comprise the statements of financial condition as at December 31, 2019 and 2018, and the statements of operations, statements of changes in equity and statements cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly in all material respects, the financial position of **MANATAL MULTI PURPOSE COOPERATIVE** as at December 31, 2019 and 2018, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Framework for Cooperatives.

Basis for opinion

I conducted my audits in accordance with Philippine Standards on Auditing (PSAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Cooperative in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to my audit of the financial statements in the Philippines, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the Code of Ethics. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Philippine Financial Reporting Framework for Cooperatives, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Cooperative's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Cooperative or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Cooperative's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exist. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional emissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Cooperative's ability to continue as a going concern. If we conclude that a material uncertainty exists we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to date of my auditor's report. However, future events or conditions may cause the Cooperative to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and signifficant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on the Supplementary Information Required Under Revenue Regulations 15-2010

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and license fees in Note 21 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of management. The information has been subjected to the auditing procedures applied in my audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2019 (Amounts in Philippine Pesos)

1. GENERAL INFORMATION

The MANATAL MULTI-PURPOSE COOPERATIVE (referred hereinafter as "Cooperative") was formed pursuant to Republic Act 6938, otherwise known as the Cooperative Code of the Philippines, for the purpose of promoting thrift and savings mobilization, to create funds to grant loans to members for productive and providential as well as livelihood project and services and other requirements of the members among others.

The Coopertive was organized primarily to encourage thrift and savings mobilization among its members for capital formation; to create funds in order to grant loans for productive and providential purposes to its members; to provide goods and services and other requirements of the members; and such other primary and secondary objectives as enumerated in Article II Objectives of its Articles of Cooperation as amended.

The area of operation of this cooperative includes the entire Province of Bulacan and its nearby provinces and its registered principal office is at Bunsuran 2nd Pandi Bulacan and has satellite offices located at Norzagaray and Sta. Maria Bulacan.

The Cooperative has complied with the requirements for the issuance of the New Certificate of Registration under RA 9520 otherwise known as the Philippine Cooperative Code of 2008 and was registered by the Cooperative Development Authority (CDA) under Registration No. 9520-03000647 with Cooperative Identification No. CIN 0106030076 on October 15, 2009. The Cooperative is entitled to tax exemption provided for under Article 60 of the Code, as implemented by Section 7 of the Joint Rules and Regulations Implementing Articles 60, 61 and 144 of RA 9520. The Bureau of Internal Revenue (BIR) issued its Certificate of Tax Exemption (CTE) on July 11, 2016 under CTE No. COOP-000019-16-RR-05-RDO-40 which will expire on July 11, 2021.

The Cooperative was created for the purpose of alleviating poverty among its members. It was able to outgrow all trials and has proven its excellence in serving its members for twenty five (25) years now. The success of the cooperative can be traced from the commitment of its officers and cooperation of its active members who belong to the basic sector and low income group.

Under the new Code, co-operatives are exempted from the payment of all national, city, provincial, municipal, or barangay taxes of whatever name and nature, including exemption from customs duties, advance sales of compensating taxes on its importation of machinery, equipment and spare parts which are not available locally as certified by the Department of Trade and Industry. Co-operatives shall enjoy exemptions from government taxes or fees imposed under internal revenue laws provided that the co-operative does not transact business with non-members or the general public. Co-operatives, if transacting business with non-members or the general public, may be exempted from tax if their accumulated reserves and undivided net savings does not exceed P10 million or up to 10 years from the date of registration if their accumulated reserves already exceed P10 million.

The members of the Cooperative have rights to the properties which is in proportion to their respective shares in the co-operative. Each share shall earn only limited interest, the maximum rates of which are fixed time to time by the cooperative regulating agency, the Cooperative Development Authority and the Constitution of the Philippines, all embodied on the Republic Act 9520 or the Cooperative Code of the Philippines.

The financial statements of the co-operative as of December 31, 2019, were authorized for issue by its board of directors on January 19, 2020.

2. STATEMENT OF COMPLIANCE

The accompanying financial statements have been prepared in compliance with the Philippine Financial Reporting Framework (PFRF) for Cooperatives as published by the Cooperative Development Authority (CDA) per their Memorandum Circular No. 2015-06, Series of 2015 dated September 16, 2015.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Chapter 23 – Specialized Activities

3.1 Basis of Preparation

The financial statements of the Cooperative have been prepared on a historical cost basis. The financial Statements are presented in Philippine Pesos, which is Cooperative Functional Currency.

The accompanying financial statements have been prepared on a going concern basis, which contemplate the realization of assets and settlement of liabilities in the normal course of business.

3.2 Cash

Cash includes cash on hand and cash in banks that are unrestricted and available for current operations and are stated at face amount. Cash on hand as of the end of the period were deposited the next banking day. Cash in banks are deposits held at call with banks either savings or current. The company reconciles the books and bank balances regularly as part of its cash monitoring and internal control measures. Cash on hand includes Petty Cash or Revolving Fund which are used for small payments not covered by checks. Cash are subject to insignificant risk of changes in value. Time deposits represent unrestricted deposits with original maturity 3 months or less earning interest at respective bank rates.

3.3 Trade and Other Receivables

Loans and receivable are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market. The carrying amount of the asset shall be reduced either directly or through the use of an allowance account. The amount of the loss shall be recognized in profit or loss.

Other receivables are recorded initially at transaction cost and subsequently measured at cost less impairment, if any. Other receivables include advances to officers and employees and Due from accountable officer and employees.

Loans receivable are presented in the financial statement at its realizable value. Provision for Probable losses is estimated based on historical loss experience, current economic conditions and other risk factors obtained during the collection process. Credit review is made periodically by an officer duly delegated with such responsibility. The basis of the rate use in estimating the allowance for probable losses were as follows:

35% for 1 month to 12 mos past due accounts 100% for more than 12 months past due accounts

Allowance for probable losses is maintained at a level considered adequate to provide for Potential losses on loans and other resources. The allowance is increased by provision charged to operation and reduced by net write-offs and reversals. The level of allowance is set up at he higher of the amount determined based on management evaluation of potential losses after consideration of prevailing and anticipated economic condition.

3.4 Financial Assets

Financial assets are initially measured at the transaction price, including transaction costs. However, the transaction costs are expensed immediately if the instrument is measured at fair value through profit or loss. These are subsequently measured at fair value through profit or loss, amortized cost or cost less impairment depending on the instruments.

Financial assets are recognized when the Cooperative becomes a party to the contractual provisions of the instrument.

Financial assets include cash or currency, cash in bank, accounts receivable, notes receivable, loans receivable, bonds receivable and investment in shares or other equity instruments issued by other entities, such as financial assets held for trading.

1. Prepayments

Prepayments are advanced payments for services to be received in the future which is expected to be realized within 12 months after the balance sheet date. Prepayments are measured initially at transaction price and subsequently measured at amortized cost less any impairment losses.

2. Other Current Assets

Other current assets refer to any other assets which are expected to be realized, consumed or used within the year. It also includes any other current assets that are not assigned to cash and cash equiva lents, and loans and receivables.

3. Current Investments

Current investment is an investment that is by its nature readily realizable and is intended to be held for not more than one (1) year.

4. Property and Equipment

Property and equipment are initially measured at cost less any subsequent accumulated depreciation, amortization and impairment losses.

The cost of an asset consists of its purchase price and costs directly attributable to bringing the asset to its working condition for its intended use. Expenditures for additions, improvements and renewals are capitalized; expenditures for repairs and maintenance are charged to expense as incurred. When assets are sold, retired, impaired or otherwise disposed of, the cost and their related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized for the period.

Any addition in the estimated life of the property and equipment would decrease the Cooperative's recorded direct cost and operating expenses and increase non-current assets.

The useful lives and depreciation are reviewed, and adjusted if appropriate, at each balance sheet date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Fully depreciated and fully amortized assets are retained in accounts until they are no longer in use and no further change in depreciation is made with respect to those assets.

Land is not depreciated. Depreciation on other assets is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range as follows:

Depreciation	Useful Life	
Building	25 years	
Office Equipment	1-5 years	
Furniture and Fixtures	1-5 years	
Transportation Equipment	3-10 years	
Leasehold Improvements	5- 10 years	

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting date.

5. Intangible Assets

Intangible Assets is defined as identifiable non-monetary assets without physical substance. An asset meets the identifiability criterion in the definition of an intangible asset when:

- It is separable, meaning, the asset is capable of being separated from the entity and sold, transferred, licensed, rented or exchanged, either individually or together with related contract, asset or liability.
- It arises from contractual or other legal rights, regardless of whether these rights are transferable or separable from the entity or from other rights and obligations.

6. Financial Assets

Non-current or long-term investment is an investment other than a current investment or investment intended to be held for more than one (1) year.

7. Trade and Other Payables

Trade payables are liabilities to pay for services that have been received.

Trade and other payables are obligations incurred on the basis of normal credit terms and do not bear interest. Trade payables are recognized initially at the transaction price and subsequently measured at amortized cost using the effective interest method.

3.13 Financial Liabilities

Financial liabilities are initially measured at the transaction price, including transaction costs. However, the transaction costs are expensed immediately if the instrument is measured at fair value through profit or loss. These are subsequently measured at fair value through profit or loss, amortized cost or cost less impairment depending on the instruments.

Financial liabilities are recognized when the Cooperative becomes a party to the contractual provisions of the instrument. Financial liabilities are derecognized from the balance sheet only when the obligations are extinguished either through discharge, cancellation or expiration.

Financial liabilities include notes payable, loans payable, bonds payable, preference shares with mandatory redemption date or preference shares redeemable at the option of the holder, interest on share capital and patronage refund.

3.14 Provision

Provision is recognized when the Cooperative has a present obligation (legal or constructive) and it is probable that as a result of past events, an outflow of assets embodying economic benefits will be required to settle the obligations and reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at pre-tax rate that reflects current market assessments of the time value of money and where, appropriate, risk specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

3.15 Employee Benefits

The Cooperative provides short-term benefits given to its employees which includes salaries and wages, social security contributions, short-term compensated absences, bonuses and other non-monetary benefits, if any.

The Cooperative provides for retirement benefit of employees based on the minimum benefits required under Republic Act No. 7641, Retirement Pay Law. Retirement benefit that a qualified employee shall receive upon retirement depends on such factors as age, years of service and compensation.

3.16 Related Party Transactions

Related party relationship exists when one party has the ability to control, directly, or indirectly through one or more intermediaries, the other party or exercises significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting enterprise, or between, and/or among the reporting enterprise and its key management personnel, directors, or its shareholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Transactions between related parties are accounted for at arms' length prices or on terms similar to those offered to non-related entities in an economically comparable market.

The compensation of the key management personnel or Directors, Officers, Staff and Related Interest (DOSRI) of the Cooperative pertains to the usual monthly salaries and government mandated bonuses; there are no other special benefits paid to management personnel.

3.17 Share Capital

Share capital is the portion of the paid-in capital representing the total par or stated value of the shares issued. Subscribed share capital is the portion of the authorized share capital that has been subscribed but not yet fully paid and therefore still unissued. Subscription receivable shall preferably be reflected as a deduction from the related subscribed share capital.

3.18 Allocation and Distribution of Net Surplus

The Cooperative's constitution and by-laws explicitly provides that its net surplus at the end of the fiscal year shall be distributed to Reserve Fund – minimum of ten percent (10%), Education and Training Fund - not more than ten percent (10%), Community Development Fund - minimum of three percent (3%), Optional Fund - maximum of seven percent (7%) and any remaining net surplus shall be distributed to the cooperative's members in the form of interest not to exceed the normal rate of return on investments and patronage refunds.

3.19 Revenue and Expense Recognition

Revenues

Revenue comprises the fair value of the consideration received and services in the ordinary course of the Cooperative's activities.

The Cooperative recognizes revenue when: the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the entity; and specific criteria have been met for each of the Cooperative's activities, as described below.

Finance Income

Finance income comprises interest income on bank deposits, dividend and foreign currency gains. Interest income recognized in profit or loss as it accrues, using the effective interest method. Interest on Share Capital from membership with Cooperative unions and federations is recognized on the date that the Company's right to receive payment is established and foreign exchange gains are recognized based on the translation of foreign exchange rates of monetary assets and liabilities dominated in foreign currencies.

Expenses

Expenses are recognized in the year in which they are incurred and specific criteria have been met for each of the Cooperative's activities, as described below.

Operating Expenses

Operating expenses represent expenses for the general and administrative functions ordinarily incurred during the year. Ordinarily, operating expenses include taxes and licenses, when applicable, and other miscellaneous expenses.

3.20 Taxes

The Cooperative has been granted the Certificate of Tax Exemption No. COOP-000019-16-RR-5-RDO-025A last July 11, 2016 and accordingly is exempt from any taxes and fees imposed under the internal revenue laws and other tax laws as enumerated in Sec. 8 (b) of the Joint Rules and Regulations Implementing Articles 60, 61 and 144 of RA 9520.

3.21 Contingencies

Contingent liabilities are disclosed but not recognized in the financial statements unless the possibility of an outflow of resources embodying economic benefit is remote.

3.22 Events After the Reporting Date

Post year-end events that provide additional information about the Cooperative's position at the statements of financial condition date (adjusting events) are reflected in the financial statements. Post year-end events that are non-adjusting events are disclosed in the notes to the financial statements when material. As of the financial condition date, there is no material post year-end event that should be disclosed or reflected in the financial statements.

3.23 Information about judgment

The preparation of the Cooperative's financial statements in conformity with Financial Reporting Framework (in reference to the Generally Accepted Accounting Principles of the Philippines) requires management to make estimates and assumptions that affect the amounts reported in the Cooperative's financial statements and accompanying notes. The estimates and assumptions used in the Cooperative's financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the Cooperative's financial statements. Actual results could differ from such estimates, judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.24 Information about Key sources of estimation uncertainty

In the application of the Cooperative's accounting policies, management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following represents a summary of the significant estimates and judgments and related impact and associated risks in the Cooperative's financial statements.

Allowance for Doubtful Accounts

The Cooperative assesses whether objective evidence of impairment exist for receivables and due from related parties that are individually significant and collectively for receivables that are not individually significant. Allowance for doubtful accounts is maintained at a level considered adequate to provide for potentially uncollectible receivables.

Impairment of Available-for-sale Financial Assets

The Cooperative follows the guidance of PAS 39 in determining when an asset is other-than- temporarily impaired. This determination requires significant judgment. In making this judgment, the Cooperative evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost; the financial health of and near-term business outlook of the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flow

If the assumption made regarding the duration that, and extent to which the fair value is less than cost, the Cooperative would suffer an additional loss in its financial statements, representing the write down of cost at its fair value.

Estimated useful Lives of Property, Plant and Equipment

The Cooperative estimates the useful lives of property, plant and equipment based on the period over which the property, plant and equipment are expected to be available for use. The estimated useful lives of the property, plant and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the property, plant and equipment. In addition, the estimation of the useful lives of property, plant and equipment is based on the collective assessment of industry practice, internal technical evaluation and experience with similar assets. It is possible, however, that future financial performance could be materially affected by changes in the estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances.

A reduction in the estimated useful lives of the property, plant and equipment would increase the recorded expenses and decrease the noncurrent assets.

Depreciation is computed on a straight-line method over the estimated useful lives of the assets as follows:

Depreciation	Useful Life		
Building	25 years		
Office Equipment	1-5 years		
Furniture and Fixtures	1-5 years		
Transportation Equipment	3-10 years		
Leasehold Improvements	5-10 years		

The Coooperative assesses the value of property, plant and equipment which require the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, and require the Company to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Company to conclude that property, plant and equipment and other long-lived assets are impaired. Any resulting impairment loss could have a material adverse impact on the Company's financial condition and results of operations.

The preparation of the estimated future cash flows involves significant judgment and estimations. While the Company believes that its assumptions are appropriate and reasonable, significant changes in these assumptions may materially affect the Company's assessment of recoverable values and may lead to future additional impairment charges.

Revenue Recognition

The Cooperative's revenue recognition policies require the use of estimates and assumptions that may affect the reported amounts of revenues and receivables. Differences between the amounts initially recognized and actual settlements are taken up in the accounts upon reconciliation. However, there is no assurance that such use of estimates may not result to material adjustments in future periods.

Due to Union/Federation

Due to Union/Federation is the liability of the cooperative to a federation or union to which the cooperative is a member. In compliance with Section 87 of the Cooperative Code of the Philippines, the cooperative has set aside not more than ten percent (10%) of net surplus for Education and Training Fund. One Half of this amount shall be utilized by the cooperative for its own education and training activities while the other half shall be credited to the Cooperative Education and Training Fund of the APEX organization of which the cooperative is a member.

Interest on Share Capital Payable

Interest on Share capital Payable is the liability of the cooperative to its members for interest on Share Capital, which can be determined only at the end of every reporting period. The MMPC distributes and credited the said interest on share capital to the member's savings account every end of the year upon completion of the audited financial statements.

Patronage Refund Payable

Patronage Refund Payable is the liability of the cooperative to its members -patrons for patronage refund, which can be determined only at the end of every reporting period. The MMPC distributes and credited the amount of patronage refund to the members' savings account every end of the year upon completion the audited financial statements.

Unearned Interest Income

Unearned interest income is interest income from loans already received but not yet earned.

Statutory Funds

Statutory funds are mandated by Sections 86 and 87 of the RA 9520, otherwise known as the Cooperative Code of the Philippines, to be set up by the Cooperative. They are as follows:

- a. Reserve Fund;
- b. Education and Training Fund;
- c. Optional Fund;
- d. Community Development Fund;

The Board of Directors has approved the distribution of net surplus for the year 2019 as follows:

Reserve Fund - 42% of Net Surplus

Educational Fund - 5% of Net Surplus broken down as follows:

2.5% Local

2.5% Due to Apex

Community Development Fund - 3% of Net Surplus

Optional Fund - 7% of Net Surplus

The remaining balance of the net surplus is available for interest on share capital and patronage refund to be distributed at 70% and 30% respectively.

The basis for the computation of the interest on share capital is the average share capital while the total interest rate is used in determining the patronage refund.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Cooperative is exposed to credit, liquidity, and other risks that arise in the normal course of its business. Its risks and control framework includes a focus on minimizing negative effects on the Cooperative's financial performance due to unpredictability of financial markets that drives the risks.

Credit Risk

Credit risk refers to the risk of inability to service a debt and the potential loss arising from default of a borrower. The Cooperative has no significant concentration of credit risk. It has policies and procedures regarding its loan portfolio. Status of receivables are being monitored and reviewed regularly.

Liquidity Risk

Liquidity risk is the risk that the Cooperative will not be able to to meet its financial obligations as they fall due. The Cooperative is not exposed to liquidity risk even if it has deposit liabilities because it has been maintaining sufficient cash to address obligations and payables. Liquidity position is being monitored and evaluated regularly by the Board through continuously monitoring forecasts and actual cash flows.

Interest Rate Risk

The primary source of the Cooperative's interest risk relates to cash and cash equivalents. The Cooperative's management believes that any 10% change in interest rate risk will not have any material impact on the financial statements.

22. ALLOCATION AND DISTRIBUTION OF NET SURPLUS:

The cooperative's constitution and by-laws explicitly provides that its net surplus at the end of the fiscal year shall be distributed in the following manner:

- a. Reserve Fund Forty Two percent (42%) shall be set aside for the reserve fund. The reserve fund shall be used for the stability of the cooperative and to meet net losses in its operation.
- b. Education and Training Fund Five percent (5%) shall be be set aside for education fund and half shall be transferred to the education and training fund a annually under this subscription may be spent by the cooperative for education and training and other purposes; while the other half shall be credited to the Cooperative education and training fund of the apex organization of which the cooperative is a member.
- c. Community Development Fund -This is computed at three percent (3%) of cooperative net surplus. This is used for projects or activities that will benefit the community where the cooperative operates.
- d. Optional Fund This computed at seven percent (7%) of the cooperative net surplus.
- e. Interest on Share Capital and Patronage Refunds After deduction of the statutory accounts, any remaining net surplus shall be distributed to the cooperative's members in the form of interest not to exceed the normal rate of return of investment and patronage refunds. Interest on Fixed Deposits shall be allocated in proportion to the individual members' average share monthly, while patronage refund is divided according to their individual patronage, i.e. volume of loans availed.

23. EMPLOYEE BENEFITS

a. Retirement Benefits

Republic Act (RA) No, 7641 (New Retirement Law) took effect January 7, 1993. Under the law, the Cooperative is required to provide minimum retirement benefits to qualified retiring employees. This amount was set up by the cooperative in compliance with such law. Minimum guarantee is equivalent to a certain percentage of the monthly salary payable to an employee at normal retirement age with the required credited years of service based on the provision of RA 7641.

24. RELATED PARTY TRANSACTIONS

Related parties are considered to be related if one party has the ability ,directly or indirectly, to control the other party or exercise significant influence over the other party in making the financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. Related parties may be individuals or corporate entities.

The cooperative has been operating eight other businesses, all dealing with members. Each business maintain separate financial accounting but are consolidated in this report.
